

# Universal Battery Charger

Item No.: TC-U400

Flip-up plug

## DESCRIPTION

The TC-U400 Universal Li-ion battery charger is compatible with most Li-ion battery brands including rechargeable Li-ion, Ni-Cd or Ni-MH AA/AAA batteries. The flip-up plug and lightweight design allows for easy travel. Charge your batteries while on the road with the DC car adapter. The USB port allows you to charge other mobile devices at the same time.

## FEATURES

- ✓ Microprocessor automatically detects battery type & voltage
- ✓ Batteries can be placed either vertically or horizontally to align with the adjustable contact points
- ✓ LED indicator displays charging status
- ✓ High-gloss scratch resistant finish
- ✓ Auto voltage switching for use in any country
- ✓ Built to protect against overcharging, overheating, short circuit, and battery defects
- ✓ High-gloss scratch resistant finish

## SPECIFICATIONS

**AC Input voltage range:** 110-220V | Operating frequency 50Hz – 60Hz

**CLA Input voltage range:** 10 to 15V DC

**Maximum output voltage:** AA/AAA = 1.4V, 1.4V x 2; Li-ion = 4.2V, 8.4V

**Maximum output current:** 1 or 2 AA/AAA = 600mA; Li-ion 4.2V, 8.4V = 600mA

**USB Output:** Voltage = 5V; Current = 1A
